Projected client outcome
The estimated first-year net benefit is calculated after planning and advisory fees.
NET YEAR 1 BENEFIT
$40,237
Estimated after fees
ENGAGEMENT RECOMMENDATION
Proceed with comprehensive planning and implementation support.
Secure document vault
Track required uploads and completion progress before CPA review.
Upload progress
67%
Prior 2 years tax returns
Required for baseline review and trend analysis.
Received
Current YTD financials
QuickBooks Online export or clean PDF package.
Received
Payroll reports
Needed for payroll and S-Corp optimization review.
Needed
Entity documents
Formation docs, elections, and prior changes.
Received
Investment / retirement statements
Optional but useful for advanced planning.
Optional
Real estate / depreciation detail
Optional if cost segregation or depreciation planning applies.
Optional
Upload documents
Message your planning team
Implementation timeline
After the plan is approved, this becomes the client's action center.
WEEK 1
Finalize analysis and schedule strategy call
Review initial savings ranges, confirm assumptions, and answer questions before the engagement decision.
WEEK 2
Approve planning engagement
Sign the engagement, pay the planning invoice, and unlock the final plan presentation.
WEEKS 3–4
Receive the full tax plan
Executive summary, detailed projections, and implementation toolkit are delivered.
QUARTERLY
Implementation and advisory checkpoints
Track deadlines, execute strategy items, and coordinate with payroll, legal, and investment partners.
Advisory options
Position the portal as the year-round implementation hub.
Lite
$250/mo
Email support
Annual check-in
Portal access
Core
$500/mo
Quarterly review calls
Implementation tracker
Coordination support
VFO
$1,000+/mo
